## About - Really Rosie Designs

### We are Really Rosie Designs

Our designs are eye-catching and attention-getting pieces of "fabric art." They are practical, too: comfortable to carry or hold and always include a cell phone pocket.

Occasionally we develop a design that we like so much that we may make a limited edition, usually no more than twenty five bags. Our Coca-Cola bags and Pony bags are two examples of our limited editions.

... and our handbags are exclusive. Most bags are unique—an overused word, yes, but true for Really Rosie Designs.
